

How to drive from the Austrian border to Maribor avoiding paying the vignette?

- take the EXIT Spielfeld Maribor (67) and after 300 metres take the third exit at the roundabout
- then you cross the boarder (Zoll - douane)
- after 1,5 km you drive straight and you musn't take the road to the motorway but stay on the left side of the road and drive straight
- after 9,5 km you reach Pesnica and at a small roundabout take the second exit, then you will reach a big roundabout, where you take the second exit and drive 3 km straight to Maribor (on that road you don't need a vignette)

The picture shows where the vignette is obligatory:
